Residential Rezoning Report
Beaverdam Magisterial District
PC Meeting Date: April 16, 2015

Overview

Current Zoning	A-1, Agricultural District
Requested Zoning	AR-6(c), Agricultural Residential District with conditions
Requested Density	One (1) dwelling unit per 4.45 acres
Acreage	8.9 acres
Location	On the west line of Rocketts Mill Road (State Route 685) approximately 425 feet north of its intersection with Little Bridge Drive (private road)
GPIN	7863-14-3339
General Land Use Plan	Agricultural
Major Thoroughfare Plan	Rocketts Mill Road – Scenic Road
Suburban Service Area	Outside
Case Planner	Gretchen Biernot

Executive Summary

In February 2014, the subject property was found to be in violation of the Zoning Ordinance for having two dwellings on one lot. Approval of this rezoning application would bring the property into compliance since there would be a parcel created for each dwelling.

This case was deferred from the March 19, 2015, Planning Commission meeting to allow time for the applicant to clarify their intentions for the new lot.

Staff Recommendation

APPROVAL subject to the submitted proffers and conceptual plan, dated March 24, 2015.

Planning Analysis

According to records of the Building Inspections Office, the previous owners of the subject property constructed a guest house on the property in 1996, which received a final inspection but not a Certificate of Occupancy. In February 2014, the Planning Department received a complaint regarding the property having multiple dwellings on one lot. Upon inspection of the property, it was discovered that the structure in the front of the property included a kitchen. The Zoning Ordinance does not permit the installation of a kitchen in a guest house. Therefore, this second structure has been determined to be a second dwelling on the property, which is a zoning violation. To bring this property into compliance, the applicant has submitted this request to rezone to AR-6(c) to allow a division of the property so that the second dwelling can remain.

The conceptual plan shows the 8.9 acre parcel to be divided into two lots, 6.8 acres and 2.1 acres in size. Each lot meets the 250' lot width requirement on Rockets Mill Road, which will allow each lot to have individual driveway entrances instead of a shared driveway. Currently, both houses share a driveway. The applicants have indicated their intent to convey the front lot to a family member. Should this rezoning application be approved, the applicant must submit a family division application for review and approval that is in substantial conformity with the proffered conceptual plan. The applicants must also apply for a Certificate of Occupancy following the approval of the family division to bring the property into compliance with Building Inspections requirements.

This application for AR-6 zoning for one additional lot is consistent with the Agricultural land use designation in the Comprehensive Plan. While the immediate vicinity is characterized by parcels much larger than two acres, one additional lot should have little impact to the existing character of the area. Should this rezoning application be denied, the alternatives for the applicants would be to remove the house from the property or convert it to a guest house by removing the kitchen. A guest house also cannot have a separate utility meter and cannot be occupied for more than 90 days in one calendar year.

Prior to the March Planning Commission meeting, the applicant indicated to staff that while the new lot would be conveyed to a family member, that family member would not reside on the property in the immediate future. Currently, the second house is rented, and the applicant is uncertain of how long the renters would reside on the property. Because of staff concerns about whether this case qualified for a family division, the Planning Commission deferred the case to the April meeting to allow staff to further discuss the issue with the applicant. Due to the circumstances pertaining to this case, the applicant has not included proffer language stipulating residency of the family member to whom the lot will be conveyed but has proffered a contribution for road improvements. Since the road contribution proffer is in accordance with the standard proffer policy for rezoning cases that create additional lots, staff recommends approval subject to the proffers submitted.

Agency Analysis

There were no substantive comments from any of the reviewing agencies.

Proffers

Staff recommends approval of the following proffers, dated March 24, 2015:

1. Conceptual Plan. This proffer requires that the property be divided in substantial conformity with the conceptual plan.
2. Family Division. The applicant has proffered to convey the new lot to a family member, who must then hold title to the property for five years following approval of this rezoning.
3. Submittal and Approval of Family Division Application. The applicant has proffered a timeline for submitting and obtaining approval of a family division application.
4. Certificate of Occupancy. A timeline for requesting and obtaining a Certificate of Occupancy from Building Inspections has also been proffered.
5. Reservation of Right-of-way. The applicant has proffered to reserve right-of-way along Rocketts Mill Road for future road widening.
6. Contribution for Road Improvements. The applicant agreed to the road cash proffer, which shall be paid prior to issuance of a Certificate of Occupancy.

Proffers: C-18-14(c), Dana and Thomas Preble

The undersigned, Dana and Thomas Preble, owners of parcel designated GPIN 7863-14-3339, ("the Property"), voluntarily agrees for themselves, their agent, personal representatives, successors and assigns (collectively "the Property Owner") that, in the event the Property is rezoned from A-1 to AR-6, the development and use of the Property shall be subject to the following conditions:

1. Conceptual Plan. The Property shall be divided in substantial conformity with the conceptual plan, titled "Exhibit Showing a Proposed Division on 8.9+/- acres of Land Lying on the North Line of Rockets Mill Road, Route 685, Being GPIN 7863-14-3339," dated February 12, 2015, revised _____ and prepared by Koontz-Bryant, PC.
2. Family Division. The Property shall only be divided for family, in accordance with Chapter 25, Division 5 of the Hanover County Code. Title to the newly created lot shall be held by the family member to whom the property was sold or given for at least five (5) years following approval of rezoning, unless the lot is the subject of an involuntary transfer caused by foreclosure, death, judicial sale, condemnation, or bankruptcy.
3. Submittal and Approval of Family Division Application. The Property Owner shall submit a complete application for a Family Division within thirty (30) days of rezoning approval. Final approval from the Planning Department shall be obtained within thirty (30) days of submittal.
4. Certificate of Occupancy. Within thirty (30) days of approval of the Family Division, the Property Owner shall request a Certificate of Occupancy from the Building Inspections Department. A Certificate of Occupancy must be obtained within sixty (60) days of submittal.
5. Reservation of Right-of-Way. The Owner agrees to reserve twenty-five (25) feet of right-of-way from the centerline of Rocketts Mill Road (State Route 685) to the property for the future road widening.
6. Contribution for Road Improvements. The Owner, for himself, his successors and assigns, agrees to pay Hanover County prior to issuance of a Certificate of Occupancy for the Property, the amount of Two Thousand Three Hundred Six and 00/100 (\$2,306.00) per single family unit built on the Property. The funds shall be used for the purpose of completing off-site road improvements relating to the development allowed by the rezoning and included in the Business and Residential Development Road Improvements Transportation Policy, adopted March 13, 2013. In the event funds are paid and are not used for such improvements, the County shall return the funds paid to the Owner or his successors in title.
